Dear Chef Philippe:

On behalf of the Gulf and South Atlantic Regional Panel on Aquatic Invasive Species (GSARP), I would like to offer my sincere thanks for your participation at the GSARP Meeting in Myrtle Beach, South Carolina. Our members found your presentation on "Can't Beat 'Em, Eat 'Em, an Alternative Solution" to be very informative and the carp food product you shared with us was delicious. Your level of dedication to solving this national problem and the amount of work and research you and your group have dedicated to this project should be commended and really shows in the quality and thoroughness of your presentation. I know that your time is very valuable and we appreciate the effort you made to present this important project.

Thanks again for taking the time to speak to us. Please accept these GSMFC note cards as a token of our thanks.

P.S. I have enclosed a 16 GB memory card that was found on the second day of the meeting that I believe belongs to you.

Sincerely,

James R. Ballard
